BIOGRAPHY

Ghanaian born Benoit Kassah also known as **JUDAH BROWNNY** is an award winning reggae singer songwriter/performer and until recently a fully fledged executive music producer and also co founder of Bag A Dubs Records in France where he lives.

Ranked by REGGAE.FR in 2013 as a sensational artist for 2014 and presented in the FOCUS category.

Awards:

TREMLIN RAST'ART (France, Caen) 2012.

FAR WEST REGGAE CONTEST (France, Le Mans) 2013. [Article reggae.fr](http://Article.reggae.fr)

The **singer** discovered his latent talent at the age of 11 as a young chorister in a Catholic Church and later begun songwriting during Teacher Training days ; that was a period when Judah B converted to Rastafarianism in 1997, at age 18.

Whiles being a member of the 12 Tribes of Israel - Ghana Chapter, Judah Brownny was opportuned with the source of his orthodox reggae inspiration and a platform to nurture his singing talent.

After a few years on the job as a high school teacher, Judah Brownny decided to change careers owing to his **passion** for music. Coincidentally ,he met freshly graduated agricultural engineer Chacha' Augustine Foli, a firmly rooted young bassist with the same musical vision and zeal.

Together they were known as the FIREWOODS but the duo couldn't complete their ongoing album project because Chacha migrated to New York to further his education in 2007.

2 years later, Judah B traveled to Denmark in pursuit of a professional career that began with songs like "BLESSED LOVE" and "NOW WE KNOW" produced by Lirical D Mirical and Pharfar of Food Palace Music, respectively.

Judah B relocated to France in 2011 where his award-winning achievements exposed him to the international **reggae music** market thereby enabling him to collaborate with several music producers including Irie Ites Records - (France), Old Capital Records - (France), Westfinga - (France), RuffLine Recordings - (France), HeavyWavesMusic - (Spain) and AnothaOne Productions - (Austria).

The early years of his career were shaped by strings of stage shows, mainly SUPPORT for both local and international acts, namely Ray Darwin, Abyssinians, Horace Andy, Johnny Clarke, Barrington Levy, Sizzla, Macka B, Echo Minott, Skarra Mucci, King Lorenzo, Perfect Giddimani, Earl 16, Solo Banton, Tiwony, Big Red, Tonton David, Pierpoljak, Brahim, Keefaz, Sound Dynamik, and many others.

After a couple years of « musical hibernation », the versatile SingJay returned to music business with several new releases and exciting new projects. In winter 2020, THE MEETING - ALBUM EP (JUDAH BROWNNY MEETS HEAVY WAVES) was released as Judah Brownny's first full-length studio project, produced by HEAVY WAVES MUSIC.

Judah Brownny as a **benevolent artist**, also serves real humanitarian causes with his music. During a promotional tour in Greece, he collaborated with his then management/Marine Stefanidi and the Kavala Mayor's office to raise funds for the victims of the deadly fires in Athens, the summer of 2018.

In 2022, Judah Brownny announced LE RETURN (SUMMER TOUR) in ten French cities with a headline performance in Paris at the Péniche Cinema accompanied by Neboty Roots Sound System.

He brilliantly opened for **Clinton Fearon** at Cargo/Caen in November 2022 alongside Lion Freecaency Sound.

By virtue of his official collaboration with DJ/producer Stalawa, 2023 started well with a warm up for **Tiken Jah Fakoly** in ROUEN, followed by a performance in Le Havre with Blackboard Jungle Soundsystem. Then came the legendary occasion when Judah Brownny & Stalawa, co-founders of Bag A Dub Records, were honored to share stages with **Julian Marley** in Le Havre at Le Tetris.
